### From Jack McNevin, President

BEST WISHES FOR A GREAT NEW YEAR ! A couple thoughts--If you have been thinking about trying the " Gold Tees " , this is a good month, cold, wet golf course, no roll, etc. The idea of GT was to make it a little more enjoyable for those of us who have lost some distance, be able to reach some of the par 4's like we did when we were only 51. We also are going to try a " letter to the Editor" page in the Golfline. Send your letter to Alan Brooks prior to the 28th of the month, keep it to 300 words,or less, keep it about our club or golf and we will publish one or two a month and see how it goes. Also enclose about \$ 10 for each letter to cover the cost of Alan's and my drinks while we review and edit the submitted data. Stay warm, play well.

### From Paul Bauman, Vice-President

Well it's winter golf time again, let's see in North Carolina, 8 inches of snow, Minnesota with the wind chill 25 below zero, Livermore California, an occasional frost delay and every once in awhile it's cart part only. Don't use that for an excuse not to play just be thankful we live where we live. The greens at Las Po are so good right now they make up for the other inconveniences we experience in the winter. Don't let your clubs or your joints get rusty at least get out and play 9 holes once or twice a week, and keep enjoying life.
